Commissioner for Patents

The reply filed on 7/11/2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants reply to the previous Ex Parte Quayle sent to applicants on 5/24/2007, is insufficient to overcome the referenced sequence issue. The basis of this non-compliance is that the sequence referred to in applicants specification at page 10, line 10, "DIETLYH", is different than SEQ ID NO: 35 of the sequence of submitted by applicants most recent sequence listing of 10/6/2006. This being noticed it appears that the sequence listing submitted by applicants on 10/6/2006, may also raise new issues in that the sequence listed as SEQ ID NO: 35 is "DIETKYH" and this sequence cannot be found in applicants specification. It is believed that applicant's intent was to include a sequence identifier for "DIETLYH", however the added sequence identifier was for "DIETKYH". See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
